The core technical training and certification program for the electronic security industry: This 22 hour foundational course is so essential dozens of states and localities insist on it as a prerequisite for performing security integration work. The course is targeted to technicians, service personnel, installation personnel, sales staff and business owners to prepare to plan for, and initiate a successful installation. The course concludes with a two-hour examination. (CEU# NT-0001) (2.2 CEUs)
